

Earth Lug Plus Bracket to suit ECE Showers and Pedestal Eyewashes

The Earthing Lug is an essential component for safe and effective electrical grounding across various installations. This durable, corrosion-resistant lug features a 50mm × 100mm tag bent at 150°, with two drilled holes and an integrated clamp for easy installation and reliable electrical conductivity. Designed specifically for ECE shower and pedestal eyewash units where earthing is required.

KEY FEATURES

- Strong and durable corrosion-resistant construction - SS316 lug and SS304 bracket
- 50mm × 100mm lug, bent at 150°
- Two drilled mounting holes for secure attachment
- Includes bracket to suit ECE showers and pedestal eyewashes
- Easy to install - mounts directly to the main upright frame near ground level
- Flexible design – fits during installation or can be retrofitted post-install
- No welding required
