

Pressalit Care: Free Standing Toilet Support Arm - Adjustable Height

This free standing folding support arms ensures a greater sense of security for both the independent user and the carer. Manufactured with a Rilsan®coated surface the arm is comfortable to hold, easy to clean and protected against rust. The ergonomic design gives a secure and comfortable grip as well as a good sense of where the support arm ends. Being height adjustable positioning to best suit individual user requirements is easy and if their needs change adjustments are simply done. The support arms can be folded away when not in use and include adjustable friction control for safer movement. Free standing support arms are sold individually.
