

Food Service: Ultra Rinse Pre-Rinse Wall Adjustable Exposed Mixing Set with 300mm Pot Filler

Adjustable Centre Wall Mounted Jumper Valve Exposed Mixing Set with Pot Filler.

A heavy-duty wall mounted pre-rinse spray and riser assembly to meet most commercial and institutional kitchen requirements.

Ultra-Rinse pre-rinse trigger spray cleans more efficiently, requiring less water per minute.

KEY FEATURES

- Separate exposed hot and cold taps to provide either hot, cold water or mixed water
- Dual check valves for backflow protection
- Spring return allows the spray and hose to be pulled into the spraying position and to retract back from the washing area when released
- Pex hose with smooth outer covering and braided inner has in-built swivels to ensure ease of use and to assist to prevent user fatigue
- Quarter-turn, contra-rotating easy to clean 80mm lever handles
- Heavy duty Jumper Valve 1/4 Turn spindles, can be serviced
- Clear identification on all lever handles with blue, yellow, red or grey coloured indicator collars
- Adjustable inlet centres for easy retro-fit
- Includes Pot Filler
- Attractive, lead free brass chrome body
- Modular design allows tailoring for individual needs

PRODUCT CODE

FS704

Food Service: Ultra Rinse Pre-Rinse Wall Adjustable Exposed Mixing Set with 300mm Pot Filler

Products are to be installed in accordance with the Plumbing Code of Australia and AS/NZS3500. Reference should also be made to the Australasian Health Facility Guidelines (AHFG), ABCB and Local Government regulations when considering the choice of, and the installation of these products.

This product is compliant with the Lead Free requirements of NCC Volume Three.

Due to ongoing Research and Development, specifications may change without notice. Component specifications may change on some export models.
