

Food Service: Pre-Rinse Wall Riser - Single Control Pre-Mix Assembly

The Enware Ultra Rinse range of Food Service Pre-Rinse assemblies are designed for use in Commercial Kitchens and Food Preparation areas.

A wide range of products to suit Wall and Bench mounting are available with mixers, pot fillers and various formats to suit different plumbing set-outs.

Heavy duty fixings and chrome plated finishes with anti-vandal fittings ensure easy cleaning for improved hygiene, and long lasting service for critical areas in the kitchen.

Adjustable sets for easy retro-fit and special shortened assemblies ensure there is a solution for all new and existing kitchens.

Service parts such as hoses, trigger sprays, spindles and handles are available to ensure downtime does not interrupt the work flow of a busy kitchen.

KEY FEATURES

- Single control tap for single temperature, cold or pre-mixed water
- Dual check valves for backflow protection
- Spring return allows the spray and hose to be pulled into the spraying position and to retract back from the washing area when released
- Quarter-turn 80mm lever handle
- Jumper Valve
- Clear identification on lever handle with blue, yellow, red or grey coloured indicator collar
- Attractive, solid brass chrome body
- Robust construction for superior performance
- Pot filler FS063 and spout can be added

Products are to be installed in accordance with the Plumbing Code of Australia and AS/NZS3500. Reference should also be made to the Australasian Health Facility Guidelines (AHFG), ABCB and Local Government regulations when considering the choice of, and the installation of these products.

This product is compliant with the Lead Free requirements of NCC Volume Three.

Due to ongoing Research and Development, specifications may change without notice. Component specifications may change on some export models.

Refer to warranty statement for warranty details - www.enware.com.au/warranty.
