

Com Lab Bench Mounted Laboratory Tap with Swivel Gooseneck Outlet - Ceramic Disc - Water

Enware Commercial Laboratory outlets are supplied with a tapered tube nozzle and are assembled for each specific media type. The durable powder coat finish gives significant protection against corrosion, discolouration and surface damage. Slimline handles are ergonomically designed for precise feel and fingertip control. Handles are colour coded for easy service identification and use complimentary buttons.

KEY FEATURES

- 3/4-turn ceramic disc headworks provides precise flow control
- Durable white epoxy powder coat finish with coloured metal handles
- Swivel high-rise gooseneck spout
- 1/2" BSP bench mount inlet with backnut
- Tube nozzle outlet with flow control and dual check valve. 3/8" BSP FI when removed
- Aerator option
- Green handle and indicator button identification to DIN EN13792
- Indicator buttons for compatible media included
- Compatible media: Cold Water, Hot Water, Chilled Water
- Lead free brass
