

School Pattern: Recess Adaptor - Jumper Valve

Enware's vandal resistant School Pattern tapware is constructed from dezincification resistant (DR) brass with durable chrome plating and an easy to clean design. The handle features a vandal resistant internal locking ring securing it to the spindle and requires a special key to remove.

KEY FEATURES

- Jumper Valve
- Vandal resistant school pattern handle
- Blue (Cold), Red (Hot) or Yellow (Warm) coloured indicator button. (3 colour indicator buttons included)
- Serviceable with all wearing components replaceable, thus providing an even longer life
- Durable bright chrome finish

PRODUCT CODE

VP308

School Pattern: Recess Adaptor - Jumper Valve

Due to ongoing Research and Development, specifications may change without notice.

Component specifications may change on some export models.

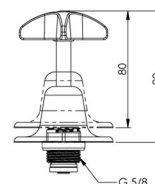

Refer to warranty statement for warranty details - www.enware.com.au/warranty.

Products are to be installed in accordance with the Plumbing Code of Australia and AS/NZS3500.

Reference should also be made to the Australasian Health Facility Guidelines (AHFG), ABCB and Local Government regulations when considering the choice of, and the installation of these products.
