

School Pattern: Washing Machine Tap - Jumper Valve

Enware's vandal resistant School Pattern tapware features an easy to clean design. Constructed from dezincification resistant (DR) brass with durable chrome plated finish. The handle features an internal locking ring securing it to the spindle and requires a special key to remove. For areas where there is a higher risk of vandalism choose the School Pattern non-removable (VPN), which utilises a handle permanently fixed to the spindle.

KEY FEATURES

- High quality construction from dezincification resistant (DR) brass with durable chrome plated finish. Vandal-resistant internal locking ring secures the handle, special key (supplied) required to release
- Serviceable with all wearing components replaceable, thus providing an even longer life
- Blue C Buttons supplied standard. Red H or Yellow Warm - request when ordering
