

Tobin Wall Stand - 2 x 1 Litre Bottle

Effective, sterile and safe eyewashes for industrial use. Tobin's Eyewash Systems are a well proven, quick and safe way to wash chemicals from the eyes. Chemicals in the eye cause serious damage within 1-5 seconds. Washing that begins within a few seconds can be decisive in minimising eye damage. With Tobin an eyewash bottle can be within arms' reach to reduce response time.

Tobin's bottle is made to empty under natural pressure, giving a soft flow with 6 streams of sterile saline solution. When the bottom air vent is opened a patient cannot increase the flow by squeezing the bottle

FEATURES

- Specially designed system for fast application
- Provides soft flow
- Gives 3 minutes of continuous flow
- Suitable when space is a problem and/or Eye Washes are required in a number of spots in the same area
- Included 2 Bottles and Stand 39(H) x 20(W) x 10(D) cm
